

The winners of the second round of the grant competition “Towards Life: Country in Action”.  
The competition is implemented by the Askold and Dir Foundation and administered by  
ISAR Ednannia within the framework of the project "Strong Civil Society of Ukraine – A  
Driver of Reforms and Democracy", funded by Norway and Sweden

| No | Organisation                                                                   | Project Objectives and Expected Results                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Sum in NOK   |
|----|--------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|
| 1  | Institute of legislative ideas                                                 | The project aims to develop and promote a comprehensive reform of sanctions policy in line with the EU acquis and European integration requirements by preparing a package of legislative changes together with key stakeholders and ensuring its advancement through targeted advocacy and dialogue to strengthen sanctions as an effective tool for national security, economic stability, and the recovery of Ukraine.                                                                                                    | 1 314 513,98 |
| 2  | “Future for Ukraine” Charity Foundation” Charitable organization               | The project aims to develop and pilot a physical rehabilitation model for people with lost limbs because of military operations, integrating prosthetic rehabilitation approaches into the specialist training system through the creation of educational materials, a digital platform, and training of specialists with subsequent implementation of the model in higher education institutions.                                                                                                                           | 933 814,47   |
| 3  | "Your Support" CF                                                              | The project is aimed at developing, testing, and preparing for scaling the first evidence-based model in Ukraine for preventing emotional burnout of adoptive parents and foster parents — a key reason for the cessation of family forms of upbringing, which undermines the deinstitutionalization reform — one of the conditions for Ukraine's accession to the European Union within the framework of the Ukraine Plan for the Ukraine Facility.                                                                         | 1 301 721,10 |
| 4  | NGO We Build Ukraine                                                           | The project aims to bridge the gap between planning and implementation in the field of energy restoration through a combination of analytics, practical work with communities, and the preparation of solutions that can be implemented and financed.                                                                                                                                                                                                                                                                        | 1 286 241,34 |
| 5  | SILab Ukraine                                                                  | The project aims to strengthen the capacity of local communities to create and develop sustainable rehabilitation departments and centres through a combination of applied research, an incubation program for teams, and practical training for multidisciplinary professionals, which aims to reduce the gap between state rehabilitation policy and its practical implementation at the community level, creating solutions suitable for further scaling up in Ukraine.                                                   | 1 303 379,58 |
| 6  | Ukrainian Association of water and sewerage enterprises “Ukrvodokanal ecology” | The project aims to create and verify a national model of preparing territorial communities to attract financing in the field of water supply and sanitation through community training, assessment of their investment readiness, pilot work with communities, and development of open tools, and further generalization in the form of a practical model, analytical materials, and recommendations for the Ministry of Communities and Territories Development of Ukraine on scaling this approach at the national level. | 1 292 127,76 |
| 7  | KYIV SCHOOL OF ECONOMICS INSTITUTE                                             | The project creates an independent national platform for dialogue between the National Health Service of Ukraine, the Ministry of Health, the medical community, law enforcement agencies, and the Verkhovna Rada Committee on National Health Issues in order to overcome the systemic crisis of trust that is paralyzing the Ukrainian healthcare system.                                                                                                                                                                  | 1 256 749,64 |

|   |                                                                 |                                                                                                                                                                                                          |              |
|---|-----------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|
| 8 | Non-governmental organization<br>"Ukrainian leadership academy" | The project aims to expand civil society's participation in shaping policies on national and civic identity through the systematic development of the IDEM platform as an open mechanism for engagement. | 1 253 998,78 |
